IMAGINE...

Imagine family and friends approaching your front door for a festive time. Even before you open the door in welcome, they have been surrounded by the grace and beauty of exquisite landscaping, healthy plants and beautiful flowers. The lawn is meticulous. The walkway is a striking design of terra cotta brick.

Imagine welcoming them out to your new patio, defined by a classic stone wall, fresh shrubbery and a variety of flowers bursting with color. Immediately, everyone has a feeling of well being. It's going to be a good evening.

At Chad's Landscaping and Design, we can imagine this scene because we create them all the time. Our employees are experienced landscapers who work to a precise, original design using the finest materials.

Let's talk soon. And let us begin to turn your imaginings into a beautiful reality.

TESTIMONIAL – From a customer

### SIDE BAR

Chad Ostenberg has more than 12 years experience in landscape design and execution. Having studied the special needs of Connecticut's soil and climate at UCONN'S Agricultural Extension Service, he is qualified to make sound recommendations about all manner of plants, grasses, trees and their care. He also has a practiced eye for design, striking just the right balance between beauty, practicality and cost.
